Awaken

Your Senses

For a better you.™

Spa...a centuries-old concept still thriving in contemporary times, the Millennium Mantra for total rejuvenation and relaxation, the epitome to achieve the equilibrium of body, mind and soul, a haven to revive the senses and soothe the spirit...

From the Spice Islands of the Equator through the vast empire of the Orient we yearn to embrace the natural recipes and holistic remedies they render. Restorative elixirs and emollients that alleviate the damaging elements of physical and mental tension we endure daily due to a hectic lifestyle, imbalanced nutrition and poor preventive health care.

The Spa experience is not solely about beauty. It is a journey of the senses, a spiritual sanctuary, the consummate solution to counteract modern stress. A spa experience awakens the touch receptors with gentle therapeutic treatments to ease physical tension; delights the vision through artistic natural surroundings; sharpens the audio-sensory through mellifluous sounds; entices the taste-buds with delectable and nutritive cuisine; elevates the smell-sensory by means of aromatherapy and attains the pinnacle of a relaxed state of mind through gentle meditation.

Amidst the hustle and haste of the modern world, we wish for time to stand still...we want a serene haven where tranquility and solitude are easy to achieve...comfortably within our grasp...to lead us towards the path of consciousness and the purpose of life...

Here at Heavenly Spa, experience truly rewarding therapeutic rituals to enhance the body-mind-soul inter-dependence for sheer rejuvenation and pure relaxation...
